

Accelerate your cloud success

Enable your team or entire enterprise to learn by doing and stay ahead of the cloud technology curve

Cloud adoption has exploded. But 65% of organizations fail to see expected benefits. The top cloud challenges organizations face can be overcome by cultivating a culture of cloud innovation.

It starts with people. Comprehensively trained organizations are far more likely to realize the benefits of cloud.

- 80%** faster cloud adoption
- 3.8x** more likely to meet cloud ROI requirements
- 4.4x** more likely to overcome operational and performance concerns

IDC Train to Accelerate Your Cloud Strategy 2017

ACG for Business
