

No matter where you are as a private company, you are ready for Astrella. Astrella is simple, intuitive, and secure equity management software that allows you to plan, store, and report your data better than ever before.

And the best part – Astrella is free for up to 10 stakeholders!

WHAT MAKES ASTRELLA RIGHT FOR YOUR BUSINESS?

- **Intuitive User Experience:** Smooth navigation, easy-to-read reports and friendly customer service whenever you need assistance.
- **Transparent & Secure:** Powered by a secure, private blockchain, your information is safe while still being accessible.
- **Flexible & Customizable:** No one understands your business better than you. That's why Astrella is compatible with a wealth of partners to tailor your management software experience to your needs.
- **Forward-Looking:** Predictive analytics and artificial intelligence helps you make smarter decisions for the future.

“

Astellra gives our board and investors the assurance that we as a company are not only using modern technology to manage our stock plan, but also ensure we're in compliance. It puts us head and shoulders above our competitors. The checks and balance and customer commitment is second to none.”

- SEAN GRIFFIN, FOUNDER AND CEO OF DISASTER TECH

ASTRELLA'S GLOBAL SERVICES PLATFORM

Our open network and established, world-class partners allow customers to define and implement the suite of services that best compliment their business and enhance their investor experience.

WHAT ELSE CAN ASTRELLA DO FOR YOU?

- Create a clean cap table for your next funding presentation
- Track the genealogy of any share
- Quick intuitive conversions from any vendor via artificial intelligence
- Easily upload documents in numerous formats
- Look through predictive analytics to take preemptive action

You don't need to wait for your private company to be ready for Astrella because Astrella is ready for you now. And for companies with under 10 stakeholders, Astrella is completely free!

SIGN UP TODAY AND GET USED TO EQUITY MANAGEMENT
WITHOUT THE HEADACHE.
