What Our Customers Are Saying

Training Made Easy & Effective

Not only has Continu tremendously reduced the time we spend on course creation & distribution, it has also revolutionized our learning by allowing our employees to feel more confident in retaining and revisiting training.

A Team of Builders!

We are very appreciative of Continu's builder and partnership mentality, where problems and challenges to met together, not swept under the "roadmap" rug!

One of a Kind

We demo'd a plethora of platforms and Continu was the only one we found that actually catered to what we needed (automated onboarding workflows and complex learning pathways).

Amazing Software, Outstanding Service

Continu is simply a company with honesty. They truly listen to the feedback of their user-base and implement enhancements on a steady and realistic timeline.

Amazing!

From the beginning, Continu has been a game-changer for the team. As we are scaling and growing as an organization, Continu has been the perfect partner for all of our needs.

One Platform for Everyone!

Continu has an easy to use interface utilizing a minimalist aesthetic with a powerful explore experience. This platform is easy to use and is pretty manageable with few admins.

Finally, An Engaging LMS

Since using Continu, our learning engagement with our global teams has soared and we are better able to distribute and assign content than ever before.

Modern & Robust!

We replaced a few legacy systems in favor of Continu and the transition has been absolutely seamless and simple. Continu is a modern and user-friendly platform and we have realized tremendous benefits and already seeing ROI.
