# NEO

## by CYPHER LEARNING

# The world's best LMS for Schools and Universities
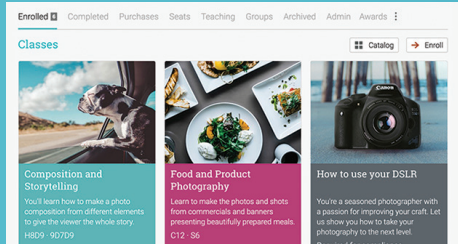

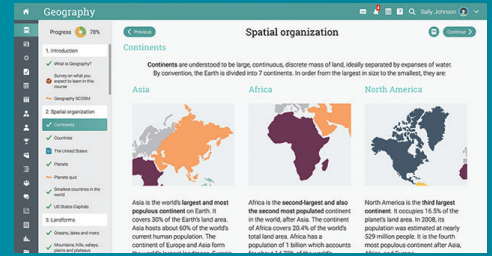

# One platform. All learning activities integrated.

## TEACH

Easily create engaging classes suited to your teaching style, whether it's instructor-led, self-paced, blended, or micro-learning.
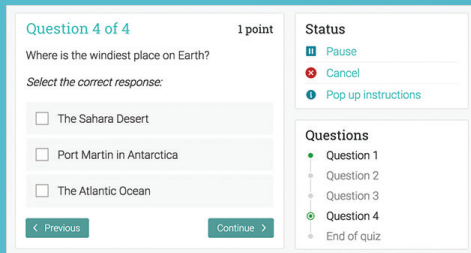

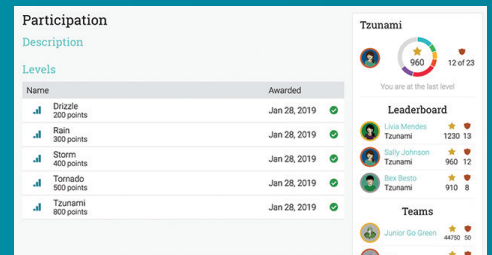

## LEARN

Our platform has an intuitive, graphical design that makes the learning experience enjoyable and productive.

## ENGAGE

Make learning fun with games where students can earn points and badges for completing classroom tasks.

## ASSESS

Evaluate progress using a variety of assignments. Grade submissions fast with annotations and rubrics, then centralize results in the gradebook.

## ANALYZE

Align class content with the competencies that they're teaching and assessing, then track student progress based on mastery.
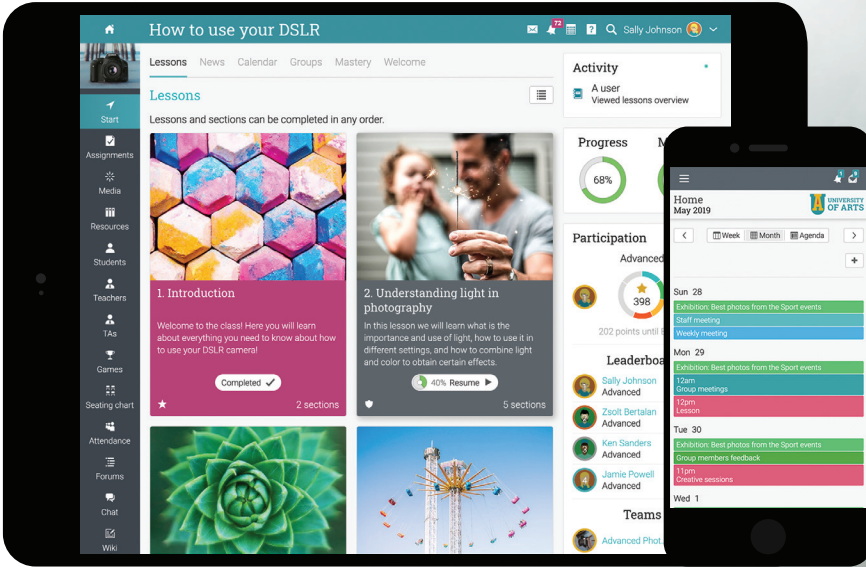

## AUTOMATE

Set up rules that are triggered when students enroll in paths, complete classes, or fall behind on their mastery levels.

### INCLUSIVE HIGHER EDUCATION CERTIFICATE PROGRAM

"NEO allows us to structure our lessons so that our students are familiar with what we start off with, what comes next, what's expected of them, and when they're done."

### ENDERUN

"Teachers are really enjoying using the platform. They're saving so much time and they're able to focus more on their students."
