How to select the right Salesforce Lightning edition

ith Sales Cloud, reps get one central place to manage all sales-related activities. That means they'll spend less time on administration and more time closing deals. For sales managers, Sales Cloud gives real-time visibility into their teams' activities, so forecasting sales with confidence is easy.

Best of all, Sales Cloud is easy to use and customizable to the way you work. And because it's all in the cloud, everyone can access Sales Cloud with just an internet connection – there is no need for expensive hardware or software. With Sales Cloud, you can simply add more seats or upgrade to another edition that has more features when your business grows. There's no disruption to your business, because we take care of everything behind the scenes.
