

NOTIFY™

NEW District-Wide Messaging from SchoolStatus

WHEN YOU NEED TO TELL EVERYONE, WE'VE GOT YOUR BACK

Notify enhances your communication capabilities with messaging to your entire school or district. Whether it's inclement weather, a security threat, or a special announcement, Notify helps administrators get important messages out to all parents as soon as possible.

- ✓ **Instantly reach all parents**
Notification begins as a text with automatic failover to voice when messages are undeliverable
- ✓ **No opt-in necessary**
Messages are delivered to parents without the need for a separate app
- ✓ **Schedule District-wide messaging for peace of mind**
Plan messages in advance so parents receive them at the optimal time
- ✓ **Automated attendance notifications**
Help parents understand the importance of being in school every day

www.schoolstatus.com | answers@schoolstatus.com | 1.855.9.STATUS

The system is easy to use and texting makes communication with parents very easy. Having documentation creates an instant level of honest communication needed to have accountability!"

- Debra Welch-Marks, Galena Park ISD

SAY GOODBYE TO MULTIPLE PARENT COMMUNICATION TOOLS. SCHOOLSTATUS DOES IT ALL!

✓ **1:1 Messaging**

Two-way, data-enabled parent messaging for improving student achievement, enhancing school climate, and proactive relationship building.

✓ **Course Broadcast Messaging**

Easy, reliable, messaging for class-wide announcements and information. Direct response functionality adds conversation records to individual student cards.

✓ **District and School-wide Messaging**

Send immediate or scheduled communication to your entire school community.
