Sales and marketing

Custom documents and  
scheduled messaging

Automation, workflows  
and integration

Compliance and reporting

Start doing  
more for less,  
make the  
switch today

Student success starts with  
Learning Relationship Management

# Go beyond traditional student management and make the switch to Wisenet in three easy steps

## 1 Choose your edition

With UNLIMITED users, feature packed editions, add-on options and plug-ins, Wisenet can tailor a solution to suit any training organisation - large or small. Our unique Active Learner subscription model aligns with the highs and lows of training and means you only pay for what you use.

## 2 FREE data conversion

With data migration options from virtually any system, Wisenet's expertise in data migration ensures business continuity with minimal impact to your staff and your day-to-day operations. Choose from conversion imports, custom migration or import templates.

## 3 Comprehensive training and support

Empower your team with the knowledge and resources they need. With one-on-one training and support from our team of Product Specialists and 24/7 access to Wisenet's extensive online help resources, your staff will have the confidence to get their job done with maximum efficiency and accuracy.

**Build and nurture your most valuable relationships with next generation  
education management applications for Registered Training Organisations**

Contact Wisenet today for a no-obligation demonstration and quote.
