

Let your teams and clients experience a new way to sign

Unshackle yourselves from administrative tasks thanks to an application that allows you to consult, validate and sign all your contracts online from your computer, mobile or tablet.

Functionalities suited to your needs

Face-to-face or remote signature

Validation workflows

Real-time monitoring and management

Security and confidentiality

18 000 € per year

The company PMU has estimated that 18,000 euros per year have been made on the supplies item alone since the implementation of the electronic signature.

They trust us

Why switchng to the eSignature?

The electronic signature:

Saves times

Is more
eco-friendly

Secures
the validation path

Reduces
processing costs

The CDC Habitat Group, France's leading lessor, **has integrated the electronic signature into its platform**, digitising the entire rental process, from housing requests to the rent payment.

« Yousign's solutions have revolutionised the user experience. Our customers can now have access to their accommodation thanks to **a fully digital process.** »

Romain Pons, IT manager at CDC Habitat
